Minutes

Commissioner Gray moved to approve the minutes of the August 22, 2012 Redevelopment Commission meeting. Commissioner Curtis seconded. President Oates noted a correction to page 6 which should read: *Final approval of the 2013 Plan will occur in January 2013*. Commissioner Curtis moved to amend the minutes as noted. Commissioner Sorensen seconded. The motion passed 4-0. The minutes were approved as amended 4-0.

Project Updates

Public Works Director Dave Buck updated the Commission on the following projects:

- Cumberland Avenue Reconstruction Phase II – Work is continuing with Vectren and Duke Energy and their relocations at the intersection of Yeager and Cumberland. Storm sewer construction has been redesigned through the future roundabout intersection to continue construction progress. Pavement, curbs and islands will be installed upon completion of the storm sewer work.

- Yeager Road Phase II – A preconstruction meeting with Rieth Riley has been held regarding scheduling and coordination of the various elements of the project from Kalberer Road to the new ARIL site. The projected schedule is aggressive and the road should be installed and surfaced this year pending utility coordination.

Parks Superintendent Joe Payne updated the Commission on the following projects:

- Wabash Heritage Trail Extension – Construction work continues with solving some erosion problems, finishing road paving, and final signs for the trailhead and the new interpretive signing system. The trail is being heavily used.

- Happy Hollow Ravine Footpath – Survey work has been completed. Design work is underway for work by the construction and engineering students this fall. Contract work and additional work with students is expected to continue next year.

- Neighborhood Park – Discussion continues among Northwestern Heights Neighborhood Association to arrive at a consensus regarding the type of park to be like constructed. Pending a neighborhood agreement, concrete will be poured this fall and equipment ordered for a spring 2013 installation.

Director of Development Chandler Poole updated the Commission on the following project:

- Fire Station No. 3 – Progress is continuing. Living quarter floors have been poured and drywall and windows are being installed. The equipment bay floor is being prepped. A late October or early November completion date is anticipated.

- Chauncey Village Walkway Art Project – Project is underway. The artist, Tom Torluemke, is keeping the walkway open while painting to encourage public interaction.

2013 Spending Plan

President Oates requested questions or comments regarding the plan. Redevelopment Commission Treasurer Judy Rhodes commented that rev. 8 of the plan as distributed, reflects discussion that occurred at the August 22, 2012 meeting of the commission and changes descriptions of some of the projects for easier identification. No numbers have changed.

MetroNet Update

Steve Biggerstaff of MetroNet introduced Tom Decker who will be handling all the business and major accounts for the fiber installation. Mr. Biggerstaff reviewed the plan to install fiber to the premises with a PowerPoint presentation. Copies of the presentation were distributed to the commission. Mr. Biggerstaff stated the initial capital expenditure is expected to be approximately \$15M with an economic development bond not to exceed \$2.5M. An estimated 40 – 50 new jobs will be created for the entire area. A letter of intent with an agreed price for a hut site and retail store in Lafayette has been initiated. A hut site on Salisbury Street near Sycamore in West Lafayette is planned. A description of the hut which will house the electronics and optronics serving the West Lafayette distribution system was provided. Site layout, parking and landscaping are being defined. A map of the proposed four phases of construction was reviewed. Utility coordination and clearance is currently underway. Closing of the economic development bonds is estimated to occur in November with construction beginning in late December or early January. Total construction time is estimated to take 18 – 24 months for public rights of way and public utility easements. The permitting process and neighborhood notifications will be addressed at preconstruction meetings. Location reports and contact information will be provided daily to identify neighborhoods and streets under construction. A question and answer session followed.

Proposal for Oversight of Parking Garage Maintenance

President Oates referred to the allocation of \$150,000 in the 2012 Spending Plan for Wabash Landing Parking Garage capital maintenance expenses. Chandler Poole reviewed the proposal from LINK Management, Inc. in the amount of \$8,280 to manage the maintenance and capital improvements for the parking garage. The proposal covers the first year of the five-year maintenance plan for the garage and is included in the \$150,000 allocation. Commissioner Gray moved to approve to the proposal for owner's representation between LINK Management, Inc. and the West Lafayette Redevelopment Commission and give authority to the Board of Works to sign the contract on behalf of the Redevelopment Commission.
